| Discussion | |

Sunday, December 24, 2023
10:00 – 12:00, hall A
Obstetrics&Reproduction

| Panel coordinator: Prof N Farzaneh | |
|---|----------------------------------|
| Members: Dr V Akbarinejad, Dr M Farhoudi Moghaddam, Prof M Talebkhangerssi | |
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: Resynchronization strategies for reproductive management in dairy herds | Prof N Farzaneh 10:00-10:40 |
| Keynote: Developmental programming of production and reproduction in dairy cows | Dr V Akbarinezhad 10:40-11:20 |
| Short communication: A comparative study of intrauterine injection of dexamethasone and vitamin E-selenium and antibiotics in the treatment of first and second-degree endometritis in Tabriz | Dr H Keshtkar 11:20-11:35 |
| Discussion | |

Sunday, December 24, 2023
10:00 – 12:00, hall B
Surgery, anesthesia & lameness

| Panel coordinator: Prof I Nowrouzian | |
|---|------------------------------------|
| Members: Prof M Ghamsari, Prof AH Mohammadnia, Dr FR Baharloo | |
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: Complications in gastrointestinal tract of equine surgery | Prof M Ghamsari 10:00-10:40 |
| Keynote: Foot bath as part of lameness control programs in dairy herds | Prof AH Mohammadnia 10:40-11:20 |
| Short communication: Treatment of osteoarthritis in horses by intra-articular injection of interleukin receptor antagonist protein (IRAP) | Dr E Mansoorinejad 11:20-11:35 |
| Discussion | |

12:00 – 13:00: Lunch & Refreshment

Poster Presentation

Sunday, December 24, 2023
13:00 – 15:00, Central hall
Health Management of dairy herds

| Panel coordinator: Prof MGH Nadalian | |
|---|-------------------------------|
| Members: Dr A Javadi, Dr J Emami, Dr D Abdollahi, Dr M Barani, Dr Amiri, Dr M Arabshahi | |
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: Emerging of SAT-2 foot-and-mouth disease strain in the middle east region, the risk of its incursion into Iran and future measures | Dr A Javadi 13:00-13:40 |
| Keynote: Qualitative and cartographic risk analysis applied to foot-and-mouth disease Optimization of a risk-based surveillance system | Dr J Emami 13:40-14:20 |
| Short communication: Evaluation of serological response following FMD vaccination in industrial dairy farms | Dr D Abdollahi 14:20-14:35 |
| Discussion | |

Sunday, December 24, 2023
13:00 – 15:00, hall A
Udder Health & Mastitis

| Panel coordinator: Dr R Kasravi | |
|---|-------------------------------------|
| Members: Dr M Mohammadsadegh, Dr B khoramian Tousi, Dr A Eslampour, Dr J Sadeghi | |
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: Principles of Diagnosis and Control of Mycoplasma Mastitis in dairy farms | Dr B khoramian Tousi 13:00-13:40 |
| Keynote: Udder edema: an ignored disorder with great undesirable impact | Dr A Eslampour 13:40-14:20 |
| Short communication: Prevalence of antibiotic resistance among bacterial agents of bovine mastitis in Kermanshah province | Dr M Karimi 14:20-14:35 |
| Discussion | |

Sunday, December 24, 2023

13:00 – 15:00, hall B

Equine Internal medicine & Reproduction

| Panel coordinator: Prof AR Ghadrddan Mashhadi Members: Prof GhA Kojouri, Dr Y Nazem, Dr A Hasanpoor | |
|---|---|
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: Myth or reality: A review of some of the common beliefs in horse medicine with particular attention to FEEDING | Prof AR Ghadrddan Mashhadi 13:00-13:35 |
| Keynote: Challenges and important issues in the management of neonatal foal | Prof GhA Kojouri 13:35-14:10 |
| Keynote: Assessment and management of stallions referred as infertile | Dr Y Nazem 14:10-14:45 |
| Discussion | |

Sunday, December 24, 2023

13:00 – 15:00, hall C

Small ruminant medicine & reproduction

| Panel coordinator: Prof A Niasari-Naslaji Members: Prof M Vodjgani, Dr H Esmaili, Dr A Anoushepour | |
|--|---------------------------------------|
| <i>Speaker</i> | <i>Presentation</i> |
| Keynote: The most applicable technics to improve reproductive performance in sheep and goat flocks | Prof M Vodjgani 13:00-13:40 |
| Keynote: Estrous synchronization in ewe using progesterone injections and recombinant FSH | Prof A Niasari-Naslaji 13:40-14:20 |
| Short communication: Investigating the effect of eCG and hMG injection on the rate of induction of estrus and pregnancy in sponge-treated ewes on the non-breeding season. | Dr Sh Dehghani 14:20-14:35 |
| Discussion | |

15:00 – 15:30: Break Time & Poster Presentation

Sunday, December 24, 2023

15:30 – 17:30, hall A

Metabolic diseases & Intoxication

Panel coordinator: Dr N Alidadi

Members: Prof GhA Kojouri, Prof MR Aslani, Dr A Shaghayegh

| <i>Presentation</i> | <i>Speaker</i> |
|---|-------------------------------|
| Keynote: Common sheep and goats intoxications in Iran | Prof MR Aslani 15:30-16:10 |
| Keynote: The effect of Anabolic drugs on energy metabolism.in transit period of dairy cows | Dr N Alidadi 16:10-16:45 |
| Short communication: Study on clinical possible fluorosis in sheep population of Arak aluminum factory vicinity | Dr A Ganji 16:45-17:00 |
| Discussion | |

Sunday, December 24, 2023

15:30 – 17:30 Central hall

Equine sport medicine

Panel coordinator: Dr M Sakha

Members: Dr F Rezazadeh, Dr FR Baharloo, Prof M Oloomi

| <i>Presentation</i> | <i>Speaker</i> |
|---|-------------------------------|
| Keynote: New finding of equine gastric ulcer syndrome (EGUS) and type of exercise | Dr F Rezazadeh 15:30-16:05 |
| Keynote: A brief overview of colic treatment problems in equine medicine | Dr FR Baharloo 16:05-16:40 |
| Keynote: "Equine ethics and welfare" | Prof M Oloomi 16:40-17:20 |
| Discussion | |

Monday, December 25, 2023
8:30 – 10:30, Central hall
Obstetrics & Reproductive

| Panel coordinator: Prof P Tajik | |
|--|--------------------------------------|
| Members: Dr GH Akbari, Dr B Rostami, Dr A Zahrabi, Dr M Farhoudi Mogadam | |
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: Recent advances and future approaches for diagnosis, treatment and management of endometritis in dairy herds | Dr M Farhoudi Moghaddam 8:30-9:10 |
| Keynote: Improving reproductive performance in dairy cattle herds through pharmacological intervention in estrous cycles. | Dr GH Akbari 9:10-9:50 |
| Short communication: Comparative study of fertility rate in pre-synchronization by HCG and GnRH in Holstein dairy cows synchronized by Heat synch protocol | Dr P Navidifar 9:50-10:05 |
| Discussion | |

Monday, December 25, 2023
8:30 – 10:30, hall A
Health Management in dairy herds

| Panel coordinator: Prof M Nouri | |
|--|-----------------------------|
| Members: Prof A Bahonar, Dr Zeynali, Dr M Barani | |
| <i>Presentation</i> | <i>Speaker</i> |
| Keynote: One health approach to control brucellosis | Prof A Bahonar 8:30-9:05 |
| Keynote: Management of dairy farms affected by Brucella melitensis in Iran | Dr M Barani 9:05 -9:40 |
| Keynote: The condition and surveillance of Malta fever in Iran | Dr Zeynali 9:40 -10:15 |
| Discussion | |

Monday, December 25, 2023

8:30 – 10:30, hall B

Bovine internal medicine

Panel coordinator: Dr M Gorjidooz

Members: Prof MGh Nadalian, Prof A Raoofi, Prof MR Hajikolaei,
Dr A Anoushehpour

| <i>Presentation</i> | <i>Speaker</i> |
|--|----------------------------------|
| Keynote: Udder cleft dermatitis in dairy cow | Dr M Gorjidooz 8:30-9:05 |
| Keynote: Colostrum management for dairy calves | Dr A Anoushehpour 9:05-9:40 |
| Keynote: Outbreak of Bluetongue Disease in Iran: an Emerging or Re-emerging Disease? | Prof MR Hajikolaei 9:40-10:15 |
| Discussion | |

10:30 – 11:00: Break Time & Poster Presentation

Monday, December 25, 2023

11:00 – 13:00, Central hall

Surgery, anesthesia & lameness

Panel coordinator: Prof M Ghamsari

Members: Prof I Nowrouzian, Dr AH Mohammadnia, Prof M Oloomi, Dr A Ghashghaie,
Dr A Bashiri

| <i>Presentation</i> | <i>Speaker</i> |
|---|-----------------------------------|
| Keynote: A review of the main infectious diseases of the hoof in dairy Cows | Dr A Ghashghaie 11:00-11:35 |
| Keynote: Equine colic surgery: The key points to be considered | Dr A Bashiri 11:35-12:05 |
| Short communication: General anesthesia complications after surgery in Tehran Equine Hospital | Dr T Abrishamchian 12:05-12:20 |
| Short communication: Clinical and radiographic investigation of the pattern of lameness in horses referred to the veterinary hospital of the Islamic Azad University, Garmsar branch. | Dr R Behmanesh 12:20-12:35 |
| Discussion | |

Monday, December 25, 2023

13:00- 14:00 Lunch & Refreshment / Poster Presentation

14:00-16:00 Workshops / Poster Presentation

16:00 : Closing Ceremony
